

## **Aviation STEM Camp - Counselor**

### **Description**

**Summary:** The main purpose of the Aviation STEM Camp Counselor is overseeing programs and camp activities designed for children and teens while ensuring a safe and caring environment that promotes positive child development. The Counselor will help create, set-up, and deliver all camp activities and will help generate excitement around the airline industry and careers in STEM.

### **Job Responsibilities**

Camp Counselors turn our goal of inspiring youth with aviation into a daily reality during camp. Their responsibilities include (but are not limited to):

- Assisting with the creation of aviation and science themed activities for children and teens between the ages of 8 and 16 years of age;
- Assisting the Director of Education with determining program supplies and equipment, facilitating workshops and activities, assisting speakers and special guests with their workshops, ensuring safety during behind-the-scenes tour on and off Museum campus, and assisting with set up and cleanup of all activities.
- Camp Counselors also ensure adherence to the camp's Code of Conduct.
- Some administrative and other duties as required.
- The Counselor is also responsible for making sure proper safety protocols and procedures are implemented and followed (ex. Covid mitigation protocols, signing campers in and out, managing allergies, etc.)

**Qualifications:** Must love working with children and teens. Must have great time management skills. Must have an engaging and dynamic personality with a passion for STEM and/or aviation. Must have good communication skills and show patience and empathy in all interactions with campers, parents, team members and Museum guests. Good listening skills, autonomy, and leadership qualities strongly desired. Ability to sit or stand for extended periods of time, may have to lift less than 50 pounds. Must be flexible and able to work in a fast-paced environment.

**Education/Experience:** Prior experience working with children and/or teens in a professional capacity and at least 1 year of experience leading group activities. CPR Certified preferred. First Aid Certified preferred. Bachelor's or higher degree in child development, teaching/education/recreation, aviation, science or other related field desired but not required.

Must be available 8:00 a.m. to 5:00 p.m. Monday-Friday starting May 27 (40h/week) during the weeks assigned.
